

## CARR40X500X2/E220D [↗](#)

### Información técnica

#### Medidas principales y datos de rendimiento

|          |                                      |
|----------|--------------------------------------|
| 1,3 A    | Current Consumption                  |
| 40 %     | Duty at maximum force                |
| 4.000 N  | Force                                |
| 230 V AC | Motor Voltage AC                     |
| 500 mm   | Stroke                               |
| 20/54    | Water and dust protection (IP Class) |
| 17 mm/s  | Speed                                |

#### Medidas principales

|      |                 |
|------|-----------------|
| Ball | Lead screw type |
|------|-----------------|
